

1. Get A Discount On A New Walk In Tub

Walk in tubs are a perfect addition for seniors living with mobility challenges or anyone worried about fall related injuries. Statistics tell us that falls happen in your bathroom more than any other room in the home.

In fact two-thirds of all bathroom injuries happen near the shower or bath-tub, according to The Center for Disease Control. Most falls typically happen when your stepping over the tub, slipping on a wet floor or when leaning on a glass door that wasn't designed to support your weight

A Walk-in tub is an investment in your future a simple modification to your bathroom can change your life. Keeping your independence and dignity, plus peace of mind for your loved ones all add up to a better quality of life. Right now, Walk-in tub manufacturers all over the country are offering big senior discounts. Visit the walk-in tub website to find discounts and get a free quote on a new Walk-in tub.
